Fundamentals of Nursing E-Book Barbara L Yoost 2021-12-07 Build a solid foundation in the knowledge and skills you need to succeed as a nurse! Designed specifically for today's students, Fundamentals of Nursing, 3rd Edition takes a fresh, conversational approach that is friendlier than typical books on nursing fundamentals. To make understanding easier, the book introduces basic information first and then follows with progressively more nuanced and complex nursing

concepts. Practical exercises provide a unique kind of active learning, allowing you to apply concepts to actual patient care. Even care planning is different, as authors Barbara L. Yoost and Lynne R. Crawford are pioneers of conceptual care mapping – a visual, holistic way of making clinical judgments and planning patient care. Essentially, this text offers an easier, fundamentally different way to learn the nursing profession! UNIQUE! Building-block approach uses review questions and exam questions tied to learning objectives, starting at lower Bloom's taxonomy levels in the early chapters and building to more complex levels as you acquire more knowledge. UNIQUE! Warm, friendly writing style introduces concepts and terms more slowly, giving you time to practice, think critically, and gain mastery. Case studies open each chapter with real-world scenarios, helping you build analytical, critical thinking, and clinical judgment skills. Coverage of complementary therapies is integrated throughout the text, reflecting changes to the NCLEX® exam. Emphasis on assignment and delegation describes the differences between the two skills, and how and when they are appropriate for an RN. UNIQUE! Objective-driven approach presents clearly defined, numbered learning objectives that coordinate with all content and then wrap up with Objective Summaries. UNIQUE! Active learning activities help you apply chapter content to broader nursing concepts and realistic patient scenarios. UNIQUE! Conceptual care mapping is used throughout the text in conjunction with the Conceptual Care Map creator to help you develop clinical judgment and plans of care. Boxed features cover the areas of interprofessional collaboration and delegation, ethical and legal practice, patient education and healthy literacy, health assessment questions, diversity considerations, evidence-based practice and informatics, home care considerations, QSEN, and safe practice alerts. NEW! Clinical Judgment in Nursing chapter introduces the concept of clinical judgment and the six NCSBN Clinical Judgment Measurement Model Skills. NEW! Clinical judgment steps are integrated within the nursing process.

*Fundamentals of Nursing* Patricia M Nugent 2013-11-12 Here's all of the crucial coverage you need to succeed in class and confidently prepare for the NCLEX-RN®. From nursing theory, legal and ethical issues, and leadership and management to psychological support, infection control and medication administration—easy-to-

follow outlines in every chapter review exactly what you need to know. *Potter & Perry's Fundamentals of Nursing - AUS Version - E-Book* Jackie Crisp 2012-12-11 Potter and Perry's Fundamentals of Nursing, 4th ANZ edition ebook is the leading fundamentals text for nursing students in Australia and New Zealand. The dynamic fourth edition of Potter and Perry's Fundamentals of Nursing presents an engaging approach to the fundamentals of nursing while building on its renowned reputation as the foremost text for nursing students across Australia and New Zealand. The new editorial team presents a critical thinking approach, to encourage the critical skills and understandings students require to maintain a high level of active engagement in the development of their practice within the health care systems they will work throughout their careers. Meaningful clinical examples combined with critical thinking questions, promote reflection and support deeper learning. These examples underscore how putting quality nursing knowledge and skills into practice can mean the difference between patient recovery and independence versus life threatening complications and patient decline. Current research examples encourage students to see the dynamic nature of evidence for nursing practice and gain understanding that ongoing change in practice is the norm and should be embraced. Potter and Perry's Fundamentals of Nursing, 4th ANZ edition ebook is supported by the Fundamentals of Nursing: clinical skills workbook 2nd edition. The skills in this indispensable workbook are directly aligned to the National Competency Standards for the Registered Nurse for Australia and New Zealand and support the theory and practice of each skill. A mobile study app for iOS called ClinicalCases is also available via the Apple App store for purchase. The ClinicalCases app takes an engaging approach to learning and revision. Students will find it the perfect exam preparation and study tool. It consists of 24 progressive case studies with MCQs and explanations for all answers. It also features over 150 Flash card key terms and a Word game. A great way to learn at your own pace, whenever, wherever... Elsevier's Evolve platform also offers a wealth of online resources for nursing students and lecturers, including an impressive suite of Australian nursing clinical skills videos to be used in conjunction with the text and workbook. These videos are ideal for viewing in class or during independent study and are a valuable tool for revision prior to assessment. Other online resources include PowerPoint presentations, an exam view test bank, critical thinking questions and answers, integrated lesson plans, images, weblinks and a chapter on the Essentials of Care.

**Mosby's Tour Guide to Nursing School - E-Book** Melodie Chenevert 2010-02-01 Encouraging, user-friendly, and altogether unique, Mosby's Tour Guide to Nursing School encourages you to not only survive nursing school, but excel in whichever program you select. Throughout the book, Dr. Chenevert compares your journey through nursing school to a road trip, and she offers advice to increase your understanding, help you successfully navigate obstacles, and make your journey more enjoyable. You'll learn how to prepare for the NCLEX® and your nursing career, how to get good grades, how to deal with failure, how to improve oral and written reports, and much more. A must-have for every nursing student! Endorsed by the National Student Nurses Association (NSNA). Written by a nationally known motivational speaker and nurse, the book's down-to-earth approach uses humor and clever analogies to clearly teach the information you need to know. Uses the analogy of a cross-country road trip to help you see the relationships between different aspects of nursing school, as well as give you a finite view of its duration and end result. Inspirational quotes throughout offer wisdom and

encouragement from fellow nursing students and graduates. The appendix lists numerous diverse resources you'll find useful before, during, and after nursing school. Electronic Age Information covers distance learning, online courses, and podcasts, facilitating your success both in today's electronic classroom and with the advancing technology in nursing. A special NCLEX® chapter (Chapter 29: Are We There Yet? Almost.) provides you with the tools you need to prepare for and pass the NCLEX®. Updated statistics and information on the emerging trends of the workforce keep you current with what's happening in the world outside nursing and help you make educated choices during nursing school. Three chapters are devoted to diversity in today's workforce and the non-traditional student. Thorough coverage of ADN, BSN, and RN-BSN programs (program prerequisites, differences, and more) helps you make informed decisions about your choice of nursing programs. An appendix of Online Resources provides quick and easy access to web sites that will assist both students and graduates with continued study and real-world advice.
