Some vampires are good. Some are

evil. Some are faking it to get girls. Awkward and allergic to the sun, sixteen-year-old Finbar Frame never gets the girl. But when he notices that all the female students at his school are obsessed with a vampire romance novel called *Bloodthirsty*, Finbar decides to boldly go where no sane guy has gone before—he becomes a vampire, minus the whole blood sucking part. Particularly inspiring for people who want to get started, but don't know how, the book shows how any family, anywhere in the country, can enjoy time together outdoors. Activities are grouped into themes: Woodland, Water, Close to Home, Hills and Mountains, Exploring, By the Sea, Extreme Weather. Within each section is a range in difficulty, from making a rope swing to scrambling up a stream, from spending a day without electricity to going on a charity bike ride, from exploring a rockpool to camping on an uninhabited island. Packed with inspiring photos, sensible but enthusiastic instructions from parents Tim and Kerry combine with remarks and advice (and jokes!) from

children Amy and Ella. 'The adventure ambassadors our current generation of cotton-wool kids urgently need' Daily Telegraph
