1956

Manual for Lifeboatmen, Able Seamen, and Qualified Members of Engine Department
United States. Coast Guard 1954

Complete Confined Spaces Handbook John F. Rekus 2018-05-04 This book provides plant managers, supervisors, safety professionals, and industrial hygienists with recommended procedures and guidance for safe entry into confined spaces. It reviews selected case histories of confined space accidents, including multiple fatalities, and discusses how a confined space entry program could have prevented them. It outlines the requirements of the OSHA permit-entry confined space standard and provides detailed explanations of requirements for lockout/tagout, air sampling, ventilation, emergency planning, and employee training. The book is filled with more than 100 line drawings and more than 150 photographs.
