Dat hebben we gehad Robert Graves 2014-01-09 Dat hebben we gehad behoort tot de absolute hoogtepunten uit de literatuur over de Eerste Wereldoorlog. Dichter Robert Graves beschrijft zijn persoonlijke ervaringen aan het front, die tekenend zijn voor de Britse soldaten in de Franse en Vlaamse loopgraven. Behalve een verslag van het oneindig bloedvergieten, de wanhoop en de heuse gekte in het slijk van de loopgraven, is het boek een

weergaloos tijdsdocument van de jaren na de oorlog, van 1918 tot 1929. Graves, die Engeland in 1927 de rug toekeerde, geeft een uiterst venijnige kritiek op talloze politieke en literaire figuren uit zijn omgeving. Hij neemt niet alleen afscheid van de valse heroïek die de officiële oorlogspropaganda typeert, maar ook van Engeland en alles waar dat voor staat. Dat hebben we gehad, waarin Graves zijn verbeelding van de loopgravenoorlog geeft, groeide uit tot een onomstreden klassieker

Security, Strategy, and the Quest for Bloodless War Robert Mandel 2004 The first comprehensive look at the

increasing push by government and military officials in the direction of "bloodless war." **No Place to Run** Tim Cook 2011-11-01 Historians of the First World War have often dismissed the important role of poison gas in the battles of the Western Front. Tim Cook shows that the serious threat of gas did not disappear with the introduction of gas masks. By 1918, gas shells were used by all armies to deluge the battlefield, and those not instructed with a sound anti-gas doctrine left themselves exposed to this new chemical plague. This book provides a challenging re-examination of the function of gas warfare in

the First World War, including its important role in delivering victory in the campaign of 1918 and its curious postwar legacy.

Star Wars: Engaging the

Heavens in End-Time Warfare

Adebanjo Oluwadare

2021-03-11 Our world is hurtling

towards a momentous climax.

The opposing hordes of

darkness are fighting for their

very lives with all the bitterness

and defiance they can muster

because they realize that the

close of the age is upon them.

As they draw upon their last

reserves of strength, the

methods and measures of

warfare that the Church has

known are being stretched, thus

the Church must be equipped

with the knowledge of the kind

of warfare this season calls us

to and what weapons we have

been provided with by heaven

to rout the enemy and his

minions. Star Wars: Engaging

the Heavens in End-time

Warfare is a word in season

that unpacks the counsel of

God for believers to arise in the

glory and power of Christ's

ordination and release the

judgement written upon all the enemies of God. The author, through this book, unveils deep mysteries that are set to cause a major shift, redefine spiritual warfare and recalibrate the church into alignment with her destiny as was determined before the fall of creation. The book goes into the heart of the Father to download from the original blueprint of creation that mankind deviated from when Adam fell from glory heights. It stirs and redirects the heart of the reader away from the activities of the old wineskin which are not rooted in the pursuit of kingdom purpose and destiny fulfilment to focused alignment with kingdom

activities that fulfil destiny as originally intended by God.

Politics, Ego & Command

Vulnerability Brigadier General

James M. Abraham 2014-12-16

This book is about the mistakes and errors that the author experienced and witnessed in Europe during World War II.

The author has had feelings of sorrow about the soldiers who died needlessly and the possibility that the war might have ended sooner. The book contains both what actually happened and what might have happened. It is beyond belief that a fighting Third United States Army under the

command of Patton would be stripped of food, fuel and supplies to stop him from fighting. The book then moves to the post World War II Cold War and how it might have been different had General Patton been allowed to fight. An interview with a doctor who came here from Yugoslavia provides details about how life was there. The few veterans who were there and still living will recall many of the events in the book. The book is written in the memory of the soldiers who died needlessly or were wounded because of the failure of command. Also, this book is meant to be a lasting tribute to a man who was the true

warrior, the best general we have ever produced and the general who the Germans feared the most, General George S. Patton, Jr., Commander of the Third United States Army.

2013-11-28 Ze hebben allemaal hun redenen om soldaat te worden. Ze hebben allemaal hun dromen en illusies. Op het moment dat ze gedropt worden in de bloedhete Vietnamese jungle zijn het gewone jonge mannen, met totaal verschillende achtergronden. Ze hebben geen idee wat ze te wachten staat en zijn niet voorbereid op de waanzin van de oorlog. Bedreigd door een

Een onvergetelijke roman vol bijtend realisme, poëtische kracht en messcherpe observaties.

Lucifer's War Linda Rios Brook
2012-10-02 Something Has Gone Terribly Wrong in Our World Two thousand years after the cross, evil continues to

brutalize and pillage in every nation and no one appears able to do very much about it. Why has the church made so little progress? While Satan lost his authority to rule on the earth, he did not lose his power. Failure to recognize this crucial difference has caused us to miss the point as to what the war over the planet is about and therefore, what we must do to win it. *Lucifer's War* offers a detailed, historical examination of Satan, the demon gods who are aligned with him, and their ancient struggle with God over humanity. While the church is the only agency on earth authorized by Jesus to deal with evil at its root cause, believers

must acknowledge what has not worked and pursue a different strategy that will. This book will change the way you pray, equip you to understand the times we are living in, and prepare you for what may happen next and what you can do about it.

A History of Chemical Warfare

K. Coleman 2005-05-23 This book provides an analysis of the development and deployment of chemical weapons from 700BC to the present day. The First World War is examined in detail since it remains the most significant experience of the chemical threat, but the Second World War, and post-war conflicts are also evaluated. Additionally,

protocols attempting to control the proliferation and use of chemical weapons are assessed. Finally, the book examines the threat (real and imagined) from a chemical warfare attack today by rationally assessing to what extent terrorist groups around the world are capable of making and using such weapons.

Warfare Prayer C. Peter

Wagner 2009-10-28 Warfare Prayer provides a toolbox and an operator s manual for those who take seriously the Apostle Paul s statement that we wrestle not against flesh and blood but against principalities and powers. The demonic world around us is a reality, but all too

few believers understand that realm of darkness to say nothing of having the skills to use effectively the weapons of warfare that God has given us. Based on a combination of sound biblical theology and real life experiences, this book is a user-friendly guide for those committed enough to join the army of God.

War and Television Bruce Cumings 1994 Television has come to play an ever more decisive role in the preparation and planning of war, as well as in its execution. In *War and Television* Bruce Cumings carefully explores the history of television's relationship to US warmaking since World War II,

up to and including its presentation of the carnage in Kuwait and Iraq. Cumings examines Vietnam, long thought to have been the first television war, but finds that characterization more apt for the Gulf conflict which was fought through, packaged by, and sold to the public on television. At the centre of the book is the extraordinary tale of Cumings's own experience as historical consultant to a Thames Television production, *Korea: The Unknown War*, and his subsequent trials with the Public Broadcasting System when the film was released for North American distribution.

the introduction of chemical agents in World War I, the U.S. Army's tentative preparations for gas warfare prior to and after American entry into the war, and the AEF experience with gas on the Western Front. Chemical warfare affected tactics and almost changed the outcome of World War I. The overwhelming success of the first use of gas caught both sides by surprise. Fortunately, the pace of hostilities permitted the Allies to develop a suitable defense to German gas attacks and eventually to field a considerable offensive chemical capability. Nonetheless, from the introduction of chemical warfare in early 1915 until

Armistice Day in November, 1918, the Allies were usually one step behind their German counterparts in the development of gas doctrine and the employment of gas tactics and procedures.

De wintersoldaat Daniel Mason
2019-03-14 Wenen, 1914.

Lucius is een tweeëntwintigjarige geneeskundestudent als Europa in de greep raakt van de Eerste Wereldoorlog. Meegesleept door romantische verhalen over operaties op het slagveld neemt hij dienst in het leger en rekt op een aanstelling bij een goedgeorganiseerd veldhospitaal. Maar als hij aankomt in een gevorderde

kerk ergens ver afgelegen in een dal in de Karpaten, treft hij een ijskoude, door tyfus geteisterde buitenpost aan. Alle dokters zijn gevlucht; de enige achterblijver is een mysterieuze verpleegster, zuster Margareta. Maar Lucius heeft nog nooit een scalpel gehanteerd. En terwijl de oorlog voortraast over het winterse landschap, wordt hij verliefd op de vrouw van wie hij een primitief soort geneeskunde leert. Dan wordt er op een dag, vanuit de sneeuw, een bewusteloze soldaat binnengedragen, wiens uniform is volgepakt met vreemde tekeningen. Hij lijkt niet meer te redden, totdat Lucius een beslissing neemt die

het leven van de dokter, de patiënt en de zuster voorgoed zal veranderen. Van de vergulde balzalen in het keizerlijke Wenen tot de bevroren wouden van het Oostelijk front, van armzalige operatiekamers tot slagvelden met woeste kozakken te paard: De wintersoldaat is een verhaal over oorlog en geneeskunde, over loyaliteit, over liefde in turbulente tijden en, uiteindelijk, over de fouten die we begaan en de zeldzame kansen die we krijgen om het goed te maken.

een te zijn van vreugdeloze urgentie. In plaats van het verkennen van onze glorieuze geest, zijn we meer geïnteresseerd in technologieën en middelen die ons materieel welzijn bezorgen. Hoewel cultuurpessimisme de mode is, toont Marilynne Robinson dat onze toekomst gelukkig nog genoeg hoop en vertrouwen geeft. In De gegevenheid der dingen weet ze onze huidige maatschappij feilloos te doorgronden en ze laat zien wat humanisme, filosofie, calvinisme, theologie en (angst)cultuur ons gebracht hebben, en wijst ons nieuwe richtingen. Ze vraagt ons eerbied te hebben voor wie en

Gele vogels Kevin Powers
2012-10-05 Elke oorlog heeft zijn eigen, definitieve romans. De Eerste Wereldoorlog heeft Im Westen nichts Neues en A Farewell to Arms. De Tweede Wereldoorlog heeft Catch-22. Het jaar 2012 ziet de komst van de grote roman over de oorlog

in Irak: De gele vogels. De gele vogels is het verhaal van de jonge soldaat Bartle, voor wie de oorlog in Irak een uitzichtloze leegte is. Zijn eindeloze dagen zitten vol dood, verderf, maar vooral verveling. In een wanhopige poging grip te krijgen op zijn frustraties, klampt Bartle zich vast aan de kameraadschap met zijn lotgenoten, in het bijzonder zijn vriend Murphy. De gele vogels is de ultieme roman over de oorlog van nu, geschreven door een superieur talent dat zelf in Irak zijn sporen heeft verdiend. Kevin C. Powers laat de lezer tegelijk ooggetuige, schuldige en martelaar zijn in een

adembenemend boek, waarvan de rechten voor verschijnen al aan zestien landen werden verkocht. Kevin C. Powers ging op zijn zeventiende het leger in. Een jaar lang diende hij in Irak. Na zijn vertrek uit het leger en een aantal zinloze baantjes schreef hij zich in bij de universiteit van Virginia om Engels te studeren. Hij doceert op dit moment poëzie aan de universiteit van Texas in Austin. `Toen ik De gele vogels las, was ik er zeker van dat ik in de nabijheid was van een boek dat prijzen zal winnen, een klassieker zal worden en de lat voor toekomstige beschrijvingen van de oorlog veel hoger zal leggen. Bill's Bible Briefs Bill Taylor

2020-07-22 The information and teaching contained in this work is the accumulation of nearly sixty years of experience as a Christian, most of that time and

experience in various leadership roles from youth group officer as a teen to church elder and assistant pastor. The author has been involved in numerous and varied denominational and nondenominational groups and churches and various moves of the Spirit of God within the Church. It is the author's strong belief that Christ's return is coming soon and that Jesus is calling His Bride into a level of preparedness for that day that will change the Church. This work is a collection of papers written to address various issues and aspects of the Christian faith and walk. These papers were written at various times over many years, but

primarily after 2015. Some were written from speaking notes or Sunday school lesson outlines. Others were issues that the author had observed were affecting portions of the Church or revelations he felt were from the LORD. Consequently, the subjects are eclectic and wide-ranging from spiritual gifts serving in the kingdom of God to child discipline; from spiritual warfare to basic spiritual rebellion; from the principle of tithing to small church groups. Consequently, the reader should review the list of titles and determine which topic or topics the Holy Spirit is directing him or her to read.

Outpouring Charles Fox
2020-10-01 Though the Holy Spirit has spoken to many in the Body of Christ that we are on the precipice of the greatest revival the world has ever seen, our hearts need to be prepared for a move of God. Preparing for the Great Outpouring: Is Your Heart Ready for A Move of God? addresses ways in which God prepares our hearts individually and corporately for a move of the Spirit. The book delves into six areas that serve as indicators that a vessel is actually prepared for revival. Brokenness Hunger Prayer Persistence Thankfulness Courage These are the key heart ingredients to the move of

God. These indicators have accompanied past outpourings such as the Azusa Street Revival, the Brownsville Revival and the Toronto Blessing. These essential heart attitudes serve as prophetic signals that our hearts are ready for the end time outpouring that God is about to send to the world!

have we only been authorized to cast demons out of individuals? A problem came to the forefront in Christian circles in the 1990s. Believers were suffering devastating demonic attack after attempting to assault "regional principalities." As a result of these negative and even scary experiences, many concluded that God never gave us authority over these evil powers in the first place. Jonathan Brenneman re-examines that assessment. While drawing from the lessons learned by previous leaders of the "spiritual warfare" movement, he also challenges many deep-rooted assumptions. He brings to light serious

scriptural problems with the position that Christians only have limited authority over Satan's power. Rather than dismissing the problem of "needless casualties," he offers a re-diagnosis of the cause. Readers are saying this teaching has removed the fear and confusion surrounding the topic of spiritual warfare. It also includes: -Modern-day testimonies of overcoming severe demonic attack, and the lessons learned -Scriptural and historical examples of a single righteous person displacing a principality -Testimonies of God's kingdom advancing regionally as Christians confront and trample on principalities -

How to trample on principalities
-Several problems with trying to distinguish between evil spirits in the second heaven and those on earth -Why there are no levels of authority over Satan for Christians, only "all authority." -How Christians sometimes mentally acknowledge gospel truths but don't act accordingly -How we leave a gospel position and thus become vulnerable to attack by trying to "break the devil's power" -Why the devil has no legal rights, and the difference between a "legal right" and a "foothold" -How the legal approach to the demonic realm makes us vulnerable to attack -How "identificational

repentance" initiatives, although bringing healing and reconciliation, have been misunderstood -How fear can make us vulnerable to demonic attack -How to avoid the trap of "practicing the presence of demons" -Why a "heavy spiritual atmosphere" is a lie - Why heavy emphasis on "amassing a spiritual army" has become unbalanced and falls short of scripture -Lone rangers of the Bible -Why we should reconsider warnings about mocking Satan -Should we "bind" territorial spirits? -Is our sword any different than the sword of the Lord? What Really Causes Needless Casualties Of War? is practical and

encouraging, rooted in both scripture and experience. Stimulating fresh thinking, it leads to a renewed vision for what God is able to do on the earth through Christ's body, the church.

The Life And Calling Of The

Intercessor Bob Sarbaugh

2020-02-21 Intercessors have been used by God to change history. Once again, God is raising up an army of intercessors to work with Him to accomplish His will on the earth. However, many intercessors live lives unnoticed and unknown by those who benefit from their work for the Lord. Many often feel alone, strange, and separated because

of how they are led to pray and what they experience in their lives. This book is intended to help intercessor understand who they are and to walk more confidently in the calling that the Lord has given them. It is also a guide for those who have felt the Lord calling them into intercession to train them up in how to walk out this amazing life of serving the Lord of the all. Drawing on personal experience, interaction with many intercessors, and study of the lives of intercessors and scripture, this book gives an understanding of prayer, intercession, what the intercessor can expect to experience, and how the Lord

has called us to live. Each chapter provides biblical instruction along with practical thought-provoking exercises for journaling your walk and life with the Lord in intercession.

David Ben-Gurion, Menachem Begin, Yitzhak Rabin, and Ariel Sharon were all present at the creation of the new nation in 1948. Over the next sixty years, each experienced moments when the country's existence was directly imperiled. In those moments, Israel needed extraordinary acts of leadership and strategic judgment to secure its future, and these leaders rose to the occasion.
