Divorce and the Special Needs Child Margaret S. Price 2010 Divorce.

The Art of Advocacy Charmaine Thaner 2015-11-27 Bringing Cookies to IEP Meetings Will Only Get You So Far! You've gone to IEP workshop after IEP workshop, searched for answers at conferences, done late night research on the internet, and yet you still have those guilty feelings that you're not doing a good enough job advocating for your child. It takes more than gathering records, giving factual information or reciting research and the law to be a successful advocate for your child. With clarity, honesty, and insights Charmaine Thaner shares how to be a more effective advocate for your own child. After reading *The Art of Advocacy: A Parent's Guide to a Collaborative IEP Process*, parents will know: * that certain finesse that is necessary when dealing with disagreements * how asking the right question will get you the right answer * the secrets to creative problem solving when the team has hit a roadblock Readers will also receive priceless bonuses: * a template for writing effective emails * lists of clarifying and probing questions to ask * step-by-step ways to creatively solve problems, and much more Charmaine gives examples of actual conversations and real scenarios to help you learn what to do and what not to do at special education meetings. Chapters include: 1) Conflict and Collaborative Advocacy; 2) How to Listen And Ask Questions With Genuine Curiosity; 3) How to Listen With Your Eyes; 4) Know What to Say When; 5) Building Authentic Relationships; 6) How to Use Collaborative Problem Solving; 7) The End is Really The Beginning. Each chapter is written so busy parents can get to the point quickly. When parents combine the art of advocacy with a collaborative way of solving problems there will be: * a positive difference in the tone of meetings * parent voices that are heard and understood, and * happier, safer, and more successful students in schools Read this book, practice what you'll learn, and gain the confidence to become an even more effective advocate for your child! Parents that have worked with Charmaine know her insights and strategies are invaluable when advocating for children with any type of disability.

A Parent's Guide to The Science of Learning Edward Watson 2021-08-31 Supporting parents in the quest to help their children learn as effectively and efficiently as possible, *A Parent's Guide to The Science of Learning* translates 77 of the most important and influential studies on student learning into easily digestible overviews. This book will develop parents' understanding of crucial psychological research so that they can help their children improve how they think, feel and behave in school (and, indeed, in life). Each overview summarises the key findings from the research and offers tips, hints and strategies for how you can use them in your home. Covering important areas such as memory, motivation, thinking biases and parental attitudes, this book makes complicated research simple, accessible and practical. From large- to small-scale studies, from the quirky to the iconic, this book breaks down key research to provide parents with the need-to-know facts. Essentially, it is a one-stop shop that offers guidance on how to parent even

better. *A Parent's Guide to The Science of Learning* answers the sort of questions that every parent wants to know but doesn't know where to find the answers. This includes the small, everyday questions through to the big, life-changing ones. Some of the questions answered in this book include: How much sleep does your child need? Should I actually help them with their homework? Why does my child forget what they have just learnt? How much screen time is too much? What can I do to help them do better at school? Is it really that important that we all eat meals together? How can I help my child learn to better manage their emotions? How can I encourage them to be a better independent learner? A hugely accessible resource, this unique book will provide parents with the knowledge they need to best support their children's learning and development.

Time Out! Malin Alfvén 2015-02-10 "I've failed as a parent," is a common statement of resignation when a child suddenly becomes awkward, defiant, angry, or generally impossible. What worked to calm them down a year ago might not necessarily work now and the parent blames herself for being too lenient or too strict. There's usually nothing developmentally wrong with an unruly child, but it can be a pain to deal with. Written by two child psychologists, outlines all of the developmental stages toddlers, children, and adolescents transition through, and how their behavior reflects that. With humorous anecdotes from real parents who have dealt with the same "crises" as most other parents, this guide offers hands-on advice to deal with problems and also laugh a little.

The Everything Parent's Guide to Raising a Successful Child Denise D Witmer 2011-12-15 As parents struggle with these questions on a daily basis, *The Everything Parent's Guide to Raising a Successful Child* helps put their fears to rest, providing them with professional, reassuring advice on how to raise a "successful" child according to their own standards. *The Everything Parent's Guide to Raising a Successful Child* walks parents through all emotional, intellectual, and physical aspects of development. It's the first step in establishing realistic expectations, setting boundaries, and helping shape the mind of a responsible, well-rounded, happy young adult.

The Everything Parent's Guide to Raising a Gifted Child Robbins Med Herbert 2012-01-15 Raising a gifted child is both a joy and a challenge. Gifted and exceptional children can seem self-sufficient, but it takes more than intelligence to lead a happy and fulfilling life. Your child needs your support and advocacy in school, in social situations, and even at home. This guide shows you how to encourage and foster your gifted child from birth to adolescence, including information on How to determine if your child is gifted Options for school programs and activities Dealing with perfectionism and stress Setting realistic and healthy goals for your child Ensuring proper socialization and friendship Coping with jealousy and bullying from other children Packed with useful and professional advice, this is a reassuring guide to help your gifted child grow, thrive,

and develop his talents.

The Parents' Guide to Managing Anxiety in Children with Autism Raelene Dundon 2019 This book draws on the author's clinical experience working with children with autism and their families to provide parents and carers with an explanation of what anxiety is, what behaviours may indicate high levels of anxiety, and practical advice on how they can help children with autism manage their anxiety effectively.

The Parents' Guide to Weight Control for Children Barbara Krane Feig 1980

Alles wat je lief is Nicola Yoon 2016-04-07 Je kunt misschien niet alles voorspellen, maar sommige dingen wel. Dat ik verliefd ga worden op Olly, bijvoorbeeld. En dat het op een ramp zal uitdraaien. Madeline is allergisch voor de wereld. Zo allergisch dat ze al zeventien jaar niet buiten is geweest. De enige mensen die ze te zien krijgt, zijn haar moeder en verpleegster Carla. Madeline verdrijft de tijd met lezen en het schrijven van 'spoilende' boekbesprekingen. Tot er een nieuwe jongen naast haar komt wonen, met ogen in de kleur van de Atlantische oceaan: Olly. Hun vriendschap begint online, maar al gauw is dat niet meer genoeg... Alles wat je lief is gaat over het verlangen naar het onbereikbare, en over alles wat we op het spel zetten voor de liefde. Dit e-book is alleen geschikt voor de tablet. U kunt het niet lezen op een e-reader

Understanding Children Richard A. Gardner 1973

Working Parents' Guide to Quality Child Care Sharon Graff 1988

Verkozen P.C. Cast 2012-06-18 Het leven is moeilijk als je zestien bent, je moeder getrouwd is met een loser van een stiefvader en je vriendje liever bier drinkt en chilt met zijn maten. Maar het is lang niet zo moeilijk als Uitverkoren zijn. Als de zestienjarige Zoey wordt uitverkoren door een vampier weet ze dat haar leven voorgoed zal veranderen: op haar voorhoofd verschijnt het teken van de vampiers en ze zal haar familie moeten verlaten om naar het Huis van de Nacht te gaan, een school waar ze maar één vak kennen: hoe word ik een vampier. Er zit echter een addertje onder het gras: als je niet slaagt, sterf je...

Putting Your Children First 2006

The Everything Parents' Guide to ADHD in Children Carole Jacobs 2010-06-18 A roadmap to a common--but complicated--disorder. Is there a cure for ADHD? What symptoms should you be looking for? Could your child be misdiagnosed? When your child is diagnosed with ADHD, you want to do all you can to get the help you need to support your child. Unfortunately, the vast amount of information on ADHD can be overwhelming and leave you feeling frustrated, stressed, and powerless to help. But with the professional, accessible advice presented here, you can get the one-stop support you need to: Obtain and understand a diagnosis Find the right treatment Discipline your child effectively Get your child to focus at home and school Stay positive, and encourage your child This guide provides an all-encompassing look at ADHD so that you can feel confident about taking the necessary steps to create a better future for your child.

De selectie Kiera Cass 2014-07-07 Voor 35 meisjes is de selectie dé kans op een beter leven. Zo kunnen ze ontsnappen aan een armoedig caste-leven en opgenomen worden in een wereld vol glamour. De selectie biedt de mogelijkheid om in het paleis te wonen en te strijden om het hart van prins Maxon. America Singer vindt het echter een nachtmerrie. Ze moet haar geheime liefde opgeven en haar thuis verlaten voor een strijd om een kroon die ze niet wil. Ze moet in een paleis

wonen dat continu wordt aangevallen door rebellen. Dan ontmoet ze prins Maxon en twijfelt ze aan alles. America realiseert zich dat het leven waar ze altijd van gedroomd had in het niet valt bij de toekomst die ze nooit voor mogelijk had gehouden.

A Parent's Guide to Asperger Syndrome and High-Functioning Autism, First Edition Sally Ozonoff 2002-06-20 Asperger Syndrome and high-functioning autism are detected earlier and more accurately today than ever before. Children and teens with these disorders often stand out for their precocious intelligence and language abilities--yet profound social difficulties can limit every aspect of their lives. This hopeful, compassionate guide shows parents how to work with their child's unique impairments and capabilities to help him or her learn to engage more fully with the world and live as self-sufficiently as possible. From leading experts in the field, the book is packed with practical ideas for helping children relate more comfortably to peers, learn the rules of appropriate behavior, and participate more fully in school and family life. It also explains what scientists currently know about autistic spectrum disorders and how they are diagnosed and treated. Real-life success stories, problem-solving ideas, and matter-of-fact advice on everything from educational placements to career planning make this an indispensable reference that families will turn to again and again.

Homeschooling Samuel L. Blumenfeld 1997 Explains the advantages and disadvantages of homeschooling, and provides advice on setting up a curriculum, getting the child involved with the community, and dealing with the special learning needs of some children

Catching the Dream Janet S. Gould 2006 In this comprehensive evaluation of dreams, parents learn how to determine what kind of dream their child has experienced, what the dream possibly means, what could have caused the dream, and how to integrate the dream into the child's daily life.

Your Child's Epilepsy Richard E. Appleton 1997 Epilepsy is a baffling subject to be faced with. This practical handbook answers the real questions asked by parents of children with epilepsy. Their experiences and the authors' expert answers give readers the knowledge to help their children lead happy, healthy and normal lives.

Children with Fragile-X Syndrome Abigail Barr 1991

The Everything Parent's Guide to Children with Asperger's Syndrome William Stillman 2010-10-18 The clinical diagnosis of Asperger's can be intimidating for parents. Often the focus is on their child's "disabilities" rather than his "abilities," and parents may be left wondering what they should expect as their child journeys through life. This guide helps you take the first steps toward understanding how this developmental disorder may impact your child. This uncomplicated handbook introduces you to Asperger's and helps you to: Get a diagnosis and understand the results Identify triggers that can lead to sensory overload Recognize symptoms of meltdowns and work to prevent them Educate family and friends about Asperger's Discover support groups for themselves and their child Now revised and updated, this new edition includes information on educational concerns and social interactions. This is the only resource you need to help your child overcome the obstacles of Asperger's and find success--and happiness.

A Parent's Guide to Divorce Karen Becker 2018-11-13 From creating a parenting plan to navigating the post-divorce world, this child-centered reference teaches parents what to say and do to guide their children--toddlers to young adults--through a divorce, offering proactive solutions to make the child a priority as readers successfully transition to co-parenting.

TV-proof Your Kids Lauryn Axelrod 1997 Offers strategies to parents for choosing appropriate shows, counteracting undesirable values, and teaching their children to recognize advertising ploys

Coping with Children's Misbehavior Rudolf Dreikurs 1972 Documents the psychological origin and emotional basis of childhood behavioral patterns, and suggests methods for solving discipline and adjustment problems

A is for Anxiety Marilyn Campbell 2007

The Parents' Guide to Clubfoot Betsy Miller 2012-05 About one in every thousand babies born

each year has clubfoot, a disorder that affects foot and calf muscles. Because treatment usually begins soon after birth and continues for several years, parents play a key role in the treatment of clubfoot and need to be able to communicate effectively with their child's doctor. The Parents' Guide to Clubfoot is the only book about clubfoot that is written for parents so they can learn everything they need to know about their child's condition. It is an all-in-one resource with medical information, advice from parents, comments from clubfoot experts, and even an illustrated story for preschoolers that parents can read aloud to their children. Written in everyday language, the book covers clubfoot in babies and older children from diagnosis through treatment for mild to severe cases. It provides details on clubfoot, its causes, treatment and care, along with an extensive list of resources and clubfoot assessment aids. In keeping with currently preferred treatments in the U.S., it emphasizes the Ponseti method, which minimizes surgery, and includes perspectives from Ponseti-trained clubfoot doctors and parents of children with clubfoot. However, separate chapters discuss all pre-treatment and post-treatment care options and one chapter covers surgery and post-surgery care if it becomes necessary. Parents often have a hard time coping with the diagnosis of clubfoot in their newborn children, and this book reassures them that the condition is treatable. If treated correctly, the child's foot will look normal, and he or she will be fully able to walk, run, and play. Several world-class athletes, including Kristi Yamaguchi, Troy Aikman and Freddy Sanchez, were born with clubfoot. The book includes advice from children with clubfoot that highlights the positive effects of having clubfoot as a child, like getting presents after surgery, and shows active pictures of them after their treatment. As mentioned, the Ponseti method of treatment - once disregarded as quackery - is the most common method of clubfoot treatment in the United States. It involves a series of casts and braces that slowly reposition the foot. To prevent a relapse, these braces need to be worn until the age of four or five. The book provides instruction, advice and tips for caring for a child in a cast, putting on the different braces required for the Ponseti method, and solving common problems like bruising. It also includes a useful list of signs that a child's foot is relapsing. The three most important aspects of the book are: 1. It reassures parents that clubfoot is treatable and that, with the right treatment, their child's foot will look normal and he or she will be able to walk, run, and play. 2. It is important to find a doctor skilled in treating clubfoot with a nonsurgical approach. This is called the Ponseti method after the late Dr. Ponseti, who developed it. 3. Once a child's foot is corrected, following through with brace wear as directed until the age of four or five is the best way to prevent a relapse in which the foot needs to be corrected again.

The Everything Parent's Guide to Children with Anxiety Ilyne Sandas 2008-08-17 Racing heart. Nausea. Trembling. These are just the physical symptoms of anxiety. Add to that panic, paralyzing fear, and self-doubt and a child is consumed with worry. With the proper care and treatment, a child with anxiety disorders can thrive. This book presents a balanced approach to treatment—from traditional to non-traditional drug and behavioral therapies to relaxation tricks and meditation. Additionally, this helpful guide helps parents determine the causes of their child's anxiety, decide whether medical treatment is necessary, talk with their children about anxiety, find the right counselor, and consult with teachers and school officials. With this guide, parents will have all the resources, tools, and information they need to help their child enjoy a happy, healthy, and well-adjusted childhood!

The Dolphin Way Shimi Kang 2014-05-01 In this inspiring book, Harvard-trained child and adult psychiatrist and expert in human motivation Dr. Shimi Kang provides a guide to the art and science of inspiring children to develop their own internal drive and a lifelong love of learning. Drawing on the latest neuroscience and behavioral research, Dr. Kang shows why pushy "tiger parents" and permissive "jellyfish parents" actually hinder self-motivation. She proposes a powerful new parenting model: the intelligent, joyful, playful, highly social dolphin. Dolphin parents focus on maintaining balance in their children's lives to gently yet authoritatively guide them toward lasting health, happiness, and success. As the medical director for Child and Youth Mental Health community programs in Vancouver, British Columbia, Dr. Kang has witnessed

firsthand the consequences of parental pressure: anxiety disorders, high stress levels, suicides, and addictions. As the mother of three children and as the daughter of immigrant parents who struggled to give their children the "best" in life—Dr. Kang's mother could not read and her father taught her math while they drove around in his taxicab—Dr. Kang argues that often the simplest "benefits" we give our children are the most valuable. By trusting our deepest intuitions about what is best for our kids, we will in turn allow them to develop key dolphin traits to enable them to thrive in an increasingly complex world: adaptability, community-mindedness, creativity, and critical thinking. Life is a journey through ever-changing waters, and dolphin parents know that the most valuable help we can give our children is to assist them in developing their own inner compass. Combining irrefutable science with unforgettable real-life stories, *The Dolphin Way* walks readers through Dr. Kang's four-part method for cultivating self-motivation. The book makes a powerful case that we are not forced to choose between being permissive or controlling. The third option—the option that will prepare our kids for success in a future that will require adaptability—is the dolphin way.

The Empathic Parent's Guide to Raising a Highly Sensitive and Anxious Child Freeda Meighan 2020-10-02 Discover how to empower your children to believe in themselves Is your child having first school day jitters far too long? Does he cry whenever you drop him off at school? Does he clam up during recitations? Is he afraid of situations where there are a lot of other people? Have other people called your child 'too sensitive'? Do you have children who cry too easily or have too many particular demands? Have you felt at a loss on how to confront your child who may be too emotional and flies off into tantrums easily? This book is a product of my own experience of taking care of a highly sensitive and anxious child. Hopefully, the insights I have gathered from my personal experience with HSC may also help other parents in taking better care of their children. Highly sensitive children are more prone to social anxiety. These children may also experience a lot of stress when they are thinking of engaging in situations where they have to interact with other people. And this can be quite a problem when they start going to school or develop friendships. If your child is also a highly sensitive child, the anxiety may even be more magnified. This book will help you understand your child's condition. I have my own experience of handling an anxious child. I have also experienced the difficulty of training my children in terms of developing social skills. This book will help other parents with socially anxious children cope with this condition. In this book, you will learn: How social anxiety develops in children Various anxiety symptoms your children may be suffering from Potential threats to development that may affect your children in their adulthood Perspectives and strategies on raising a socially anxious child Powerful words to say to your children that will surely boost their confidence What a highly sensitive child is and what causes such a personality trait Ways on disciplining a highly sensitive child Proper attitude and approaches to adopt when caring for a highly sensitive child Issues that may hound a highly sensitive child in his adulthood Get this book and you will feel more empowered in your parenting. Let me help you because I've been there and I don't want other parents to suffer alone. Raise your children with an understanding of their situation. Let this book guide you as you raise your children to become resilient and confident just as they are.

Dyslexia Dr Helen Likierman 2012-08-31 Many children spend their entire school lives struggling with their school work. Research has shown that at least 10-15 per cent of children with apparently normal learning ability will have a significant problem with school learning. They may feel that whatever they do it is not good enough - either for their parents, their teachers or indeed themselves. This can often result in feelings of demoralisation, and even alienation from learning and school. This book aims to address these issues and to help parents understand and deal with them. *Dyslexia: A Parents' Guide* starts by correcting common misconceptions of learning difficulties that are rife in the press and popular literature, and addresses the conflicting approaches and advice from 'experts'. This authoritative guide then moves through diagnosis - with information on dyslexia, dyspraxia, ADHD, discalculia and more - to offering practical and easy tips to enable parents to help their child overcome their learning difficulty. Both authors are

practising psychologists with extensive knowledge and experience of children's learning difficulties. They will show parents how to develop a successful approach to assessing and subsequently managing their child's difficulties.

A Parents' Guide to Children's Activities and Programs WarmLines Parent Resource Center (West Newton, Mass.) 1992

Smart Kids 2015-09-30 Smart Kids: A Parent's Guide to Raising Financially Healthy Children is a useful tool to all parents wanting to raise a child who is aware of the cost of living and who will also become an economically responsible adult. Financially aware children contribute in a healthy way to society and it also instills a strong working ethic. The book has excellent tips and techniques on how to contribute to a bright financial future for kids while growing up. Readers can relate well to the author's suggestions and they are simple to incorporate into one's daily life. I found the book extremely useful. 5 star review by Readers' Favorite

The Everything Parent's Guide To Tantrums Joni Levine 2005-06-01 Does your child kick and scream when he doesn't get his way? Have meal times and running errands become emotional battles? The Everything Parent's Guide to Tantrums is your authoritative handbook to understanding what causes your child to have tantrums and which measures you can take to combat their occurrence. Author Joni Levine helps you: Understand your child's temperament Identify external influences that trigger tantrums Avoid responding emotionally to an outburst Use effective methods for calming your child Deal with tantrums in public Filled with realistic advice and practical tips, The Everything Parent's Guide to Tantrums is your key to a happy, well-adjusted child and peace at home-and elsewhere.

Hitchhiker's Douglas Adams 2011-10-07 Het Transgalactisch Liftershandboek (Engels: The Hitchhiker's Guide to the Galaxy) is een komisch sciencefictionfranchise bedacht door Douglas Adams. Het begon als een radiohoorspel van twaalf afleveringen, voor het eerst uitgezonden in 1978 door BBC Radio, daarna door de BBC World Service. In 1981 werd er een zesdelige televisieserie gemaakt. Al snel volgden andere media, waaronder een computerspel, drie toneelbewerkingen, negen graphic novels, een speelfilm en heel veel merchandise. De boekenserie was echter het succesvolst: tussen 1979 en 1992 verschenen vijf delen van de reeks. In 2008 kreeg auteur Eoin Colfer toestemming van de weduwe van Douglas Adams om de reeks af te maken met een zesde deel dat dit jaar in het Nederlands verschijnt: En dan nog iets...

Allergies Victoria Goldman 2009 Packed with practical advice and the latest information, this guide provides parents with everything they need to know about children's allergies.

Free Game Khalid Diallo Akhdaru Green 2021-12-31

Nerdy Parent's Guide to Raising a Nerdy Child Leo Murphy (Writer on parenting) 2018 Once upon a time, you were a nerdy child, and now that you're a parent, let's make sure your kid can be a nerdy child too! In a world filled with superheroes, wizards, spaceships, and magical telephone booths, everyone should be part of a fandom, and you can never start too early. This is for the parents who want to share their fantastical interest with their children in hopes that they too will grow up to become little nerds.

Brieven aan de duisternis Brigid Kemmerer 2017-06-20 Ik zou net zo goed brieven aan de duisternis kunnen schrijven en een antwoord verwachten. Ik weet niet eens wie je bent, maar ik heb het gevoel dat ik je begrijp. Ik heb het gevoel dat jij mij begrijpt. Juliet laat brieven achter op het graf van haar moeder. Declan werkt op het kerkhof vanwege een taakstraf. Wanneer hij een van Juliets brieven vindt, ontstaat een bijzondere briefwisseling, die zich al snel uitbreidt naar mail en app. Op papier en beeldscherm vertellen Juliet en Declan elkaar alles, denkend dat ze elkaar nog nooit ontmoet hebben. Ze zitten echter op dezelfde middelbare school. Wat doe je als de enige persoon die je echt volledig vertrouwt niet is wie je dacht dat hij was?

Bloed en beenderen Tomi Adeyemi 2018-03-20 Ontmoet Tomi Adeyemi op YALFest NL 2018! "The Orisha Legacy Zélie heeft maar één kans om haar volk te redden... Deel 1 Ooit leefden er in Orisha mensen met magische krachten. Tot een wrede koning besloot de maji, een minderheid met donkere huid en zilverwitte haren, te vervolgen. Zélie kan zich de nacht dat ze toe moest kijken hoe de handlangers van de koning haar moeder ophingen nog levendig herinneren. Sindsdien is magie een doodzonde en een donkere huid iets om op neer te kijken. Tien jaar later krijgt Zélie de kans om de magie terug te brengen naar Orisha. Met de hulp van een prinses op de vlucht, moet ze uit handen zien te blijven van Inan, de kroonprins, die vastbesloten is de magie nu voorgoed uit te bannen. Gevaar ligt overal op de loer in Orisha, maar het grootste gevaar schuilt misschien nog wel in haar groeiende gevoelens voor de vijand... Over Bloed en beenderen: 'Een van de grootste boekendeals voor een young adult-romandebuut van het jaar. Naast een meeslepend plot en een sterke heldin als hoofdpersoon, behandelt het boek grote thema's - als ras, politiegeweld, onderdrukking en macht - die op het moment ook in de wereld spelen.' Teen Vogue 'Complexe personages, een hoge inzet, en een caleidoscopisch narratief boeien, en het snelle tempo schiet de lezer naar een overweldigend slot dat net zo veel vragen als antwoorden heeft.' PW 'Het epos waar ik op heb gewacht.' Marie Lu, New York Times-bestsellerauteur van Legend en Warcross
