jQuery 2 Recipes Arun Pande 2014-09-26
jQuery is often referred to as the 'write less, do

more' JavaScript library. It allows a few clear lines of elegant, well-tested, code to replace many pages of complex hand-coded script, speeding development times and providing substantial cost savings. You will find jQuery 2 Recipes' problem-solution approach to be an excellent value and a feature-packed resource as you begin to include jQuery in your own projects. This book is bursting with fully-worked example recipes showing the core jQuery frameworks (jQuery, jQuery Mobile, jQuery UI) in action. Starting with fundamental principals and progressing to more advanced topics you'll be shown how to make the very best use of jQuery every step of the way. Early on, you'll learn to work confidently with dynamic data and to

handle the jQuery events that form the foundation of your application. We'll then build on this foundation to demonstrate how fully working user-interface animations and AJAX data-validation can be constructed within jQuery. We'll show how add-on libraries like jqwidgets can be deployed to create professional quality apps for both the desktop and web with minimal coding. Finally, a full set of debugging and error-handling recipes is included to help you track down bugs and ensure your code is as robust as it can be.

English Pottery

1620-1840 Robin Hildyard
2005-08 "Based around the matchless collections of British ceramics in the Victoria and Albert Museum, which curators began to assemble as early as the 1840s, this book charts the story of their development from the simple slipware drinking-vessel of the seventeenth century to the sophisticated enamelled and transfer-printed tableware of the early 1800s. The narrative takes us

through successive changes of taste and manners, as British potters assimilated and adapted new, and often disparate, influences from Europe and the Far East. Ceramics, ubiquitous, disposable and quintessentially domestic, tended to reflect social changes quicker than other branches of the applied arts; for example, new fashions in dining and the taking of tea were responsible for major aspects of design and decoration, while the rapid rise of the Staffordshire figure enabled it to become a vehicle for satire, religion, or the commemoration of wildly popular but ephemeral events such as boxing matches and visits from touring menageries." "Keeping carefully chosen pieces, illustrated, at the forefront of his

discussion, Robin Hildyard treats the subject variously by material, form, decoration or by broader theme, sometimes cutting across traditional boundaries in order to look behind established myths and the often misleading evidence of what has survived. The methods and history of manufacture are fully explored, from the workshop of the independent village potter to the industrialized nineteenth-century factory struggling with the stormy beginnings of trade unionism. The complex trade in ceramics both at home and abroad, and the transition from utilitarian household object to cherished item in collector's cabinet is also examined, along with the symbiotic relationship between collector and museum.

This volume, filling the gap in current ceramic literature between narrower scholarly studies and the opulent catalogues of private collections, presents an expert and yet highly accessible view of a particularly rich seam of British material culture, guiding us from familiar ground into wider and sometimes uncharted territory."--

recipes and ideas for our festive little gatherings come together in a mere 30 minutes or less. Instead of hosting a 5-course Christmas dinner, invite the girls over for a shopping break featuring Caramel-Cream Macchiato Coffee and Cream-Cheese Olive Spread. Send each of them home with a clever little Caramel Shopping Bag table decoration that you can assemble in just 15 minutes. With quick recipes, great decorating ideas, and countless tips, The Half-Hour Hostess helps readers get everything done in a snap. Taking its cue from the popular "Half-Hour Hostess" column in Southern Living magazine, every recipe in this book is ready in 30 minutes or less. We throw out the idea of traditional entertaining and replace it with fun and fast gatherings instead of

the fussy parties that you'd expect in a traditional entertaining book. With a photograph-or two-on every spread, each turn of the page offers ideas that are as much fun to look at as they are to use. Seeing just what the recipe or decoration will look like will help readers put together a party in style.

Eat My Words Janet Theophano 2016-01-26
Some people think that a cookbook is just a collection of recipes for dishes that feed the body. In *Eat My Words: Reading Women's Lives through the Cookbooks They Wrote*, Janet Theophano shows that cookbooks provide food for the mind and the soul as well. Looking beyond the ingredients and instructions, she shows how women have used cookbooks to assert their individuality, develop their minds, and

structure their lives. Beginning in the seventeenth century and moving up through the present day, Theophano reads between the lines of recipes for dandelion wine, "Queen of Puddings," and half-pound cake to capture the stories and voices of these remarkable women. The selection of books looked at is enticing and wide-ranging. Theophano begins with seventeenth-century English estate housekeeping books that served as both cookbooks and reading primers so that women could educate themselves during long hours in the kitchen. She looks at *A Date with a Dish*, a classic African American cookbook that reveals the roots of many traditional American dishes, and she brings to life a 1950s cookbook written specifically for Americans by a Chinese

émigré and transcribed into English by her daughter. Finally, Theophano looks at the contemporary cookbooks of Lynne Rosetto Kaspar, Madeleine Kamman, and Alice Waters to illustrate the sophistication and political activism present in modern cookbook writing. Janet Theophano harvests the rich history of cookbook writing to show how much more can be learned from a recipe than how to make a casserole, roast a chicken, or bake a cake. We discover that women's writings about food reveal--and revel in--the details of their lives, families, and the cultures they help to shape.

Recherche 'Entre és - A Collection of the Latest and Most Popular Dishes

Charles Herman Senn 2017-11-22 This classic cook book contains a wonderful collection of recipes for producing delicious and easy-to-produce entrées. Written in simple, clear language and full of invaluable expert tips,

"Recherché Entrées" would make for a worthy addition to culinary collections and is not to be missed by collectors of vintage cook books. Contents include: "Hot Sweets," "Cold Sweets," "Ices and How to Make Them," "Gateaux and Pastry," "Auxiliary Recipes," "Sweet Sauces, Hot and Cold," etc. Charles Herman Senn (1862 - 1934) was a German writer of cookery books. He wrote profusely on the subject, producing cook books for all manner of people and situations, but was particularly well-known for his vegetarian and confectionery recipes. Other notable works by this author include: "Breakfast and Supper Dishes" (1898), "A book of Salads: The Art of Salad Dressing" (1922), and "British Red Cross Society Cookery Manual" (1915). The Vintage

Cookery Books series hopes to bring old wisdom and classic techniques back to life, as we have so much to learn from 'the old ways' of cooking. Not only can these books provide a fascinating window into past societies, cultures and every-day life, but they also let us actively delve into our own history - with a taste of what, how and when, people ate, drank, and socialised.

Ruhlman's Twenty Michael Ruhlman 2011-09-14

Presents twenty basic elements of cooking and explains their importance in order to become a better cook, from proper salting techniques to mastering such basic ingredients as eggs and butter.

Quick Recipes on Symbian OS Michael Aubert 2008-07-31

Symbian OS continues to be the top operating system for

smartphones across the world, with the number of Symbian OS phones sold now well beyond the 100 million mark. As more and more developers realize the huge opportunities available designing with Symbian OS, one of the first major obstacles they face is the sheer length of time it takes to start producing functional C++ applications for Symbian OS phones. "Quick Recipes on Symbian OS" provides easy-to-use recipes for mastering common development tasks. The book's structured, time-focused approach to becoming familiar with the basics allows readers to get up and running quickly. From the Author This book is meant as an entry point into the Symbian OS C++ development ecosystem. Our goal is to allow you to create a working

Android Game Recipes J. F. DiMarzio 2013-12-02
Android game apps are typically the most popular type of Android apps in the various Google Play, Amazon Appstore and other Android app stores. So,

beyond the Android game tutorials out there, what about a day-to-day handy and complete code reference for Android game developers? *Android Game Recipes* is your first, reliable game coding reference for today's Android game apps. This book provides easy to follow real world game code problems and solutions, including source code. This book covers code recipe solutions that are common to 2D game development problems such as designing a game menu, collision detection, moving characters, moving backgrounds and more. This book also includes how to work with player input, how to add multiple levels, how to create game graphics for different screen resolution, and how to work with device sensors. After reading and using this book,

Downloaded from
